1 Jacqui Dodds Printmaker

Using a limited palette or leaving areas untouched I explore space and mood within an image. Surfaces of my prints show subtle layers of both solid and transparent elements.

In contrast, my intricately carved blind embossed prints are devoid of colour. The paper plays a significant role in revealing form and texture through shadow and light.

The BVA is a networking group of about 70 artists living in and around Oswestry. Members work in many disciplines including painting, textiles, sculpture, photography, woodcarving, printmaking, glass, mixed media and poetry.

We have regular meetings on the first Friday of each month in the Dunbabin Room at the Willow Gallery, part social and part 'talking shop' and we put on annual events, including Open Studios. We have a dedicated exhibition space in Oswestry Library with different members work on display each month.
